DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-30 are rejected under 35 U.S.C. 102(b) as being anticipate by Paul.

Paul shows a golf information and course management system. The cart (vehicle) mounted units (PDA, CPU) with broadcast capability (transmitter) will allow additional features. Refreshments (club house is the business) could be ordered in advance so they are available at the turnaround, further speeding play (column 8, lines 40-50). Identifying codes, translating signals, and accounts are all inherent features of the system.
